The Memorial of the Presentation of the Blessed Virgin Mary in the Temple recalls – according to the apocryphal gospels, the day on which Mary, while still a child, was brought to the temple in Jerusalem to be offered to God. The Church wants to emphasize not so much the historical event in itself, of which there is no trace in the Gospels, but the total gift that Mary made of herself, by listening: *"Blessed are those who hear the Word of God and observe it"* (Lk. 11:28). This experience prepared the young girl from Nazareth to become the "temple of the Son of God". –Vatican News
